### Tend To Your Horses With Ease

Leave all the worry of building all horse stables to us. With our unique stable design we are able to align single or multiple amounts of stables parallel or adjacent of each other. Durable wooden flooring makes for easy pick up, and strong wooden 4' pen doors make for quick access. Our walls can be cut to any specification of height and length, and grills built from steel or preferred materials. We also include a quality hay rack and feed box with each stable. The following are a list of features that come standard with our stable design.

- ▶ Hay Rack and Feed Box
- ▶ Custom Cuts
- ▶ Custom Grill Inserts
- ▶ Wooden or Steel Stable Doors (at a 4' minimum width)
- ▶ Finished wooden interior

### Upgrades:

- ▶ Custom Door and Door Materials
- ▶ Upgraded Feed Boxes
- ▶ Custom Multiple Unit Layouts
- ▶ Optional Steel Roof Structures

We can accommodate any other custom design features.
